

Curriculum Vitae

Thi Duyen NGUYEN

Hatinh, Vietnam

Date of birth: 26 September 1995

Nationality: Vietnamese

Civil status: Single

Languages spoken: Vietnamese, English, Mandarin (Chinese)

Contact details: (+86) 18787804689, (+84) 932435880

Email: ntduyenbio.edu.vn@gmail.com, duyen@xtbg.ac.cn

Education

- **2020, 2023–2025: Master of Science in Ecology**

University of Chinese Academy of Sciences (UCAS), China

Yunnan Key Laboratory of Forest Ecosystem Stability and Global Change, Xishuangbanna

Tropical Botanical Garden, Chinese Academy of Sciences (XTBG-CAS), Yunnan, China

GPA: 3.93 / 4.0

- **2013–2018: Bachelor of Science in Biotechnology**

Faculty of Biotechnology, Vietnam National University of Agriculture, Hanoi, Vietnam

Immunology Laboratory, Institute of Biotechnology, Vietnam Academy of Science and Technology (VSAT), Hanoi, Vietnam

GPA: 3.51 / 4.0

Research interests

Using functional traits and statistical and simulation models to better understand forest diversity, including how they respond to climate change

Work experience

- **12/2025-present: Yunnan Key Laboratory of Forest Ecosystem Stability and Global Change, XTBG-CAS, China**

Research assistant

Research project: Biotic interactions shape local tree allometric scaling in a species-rich tropical forest

- **2018–2020: Chungnam National University, South Korea**

Research assistant

Research project: Application of CRISPR/Cas9-mediated gene editing in tomato: Knockout of SLEIN2 and SIIDA1; Golden Gate constructs using SLEIN2 promoter fused with GUS

- **2017–2018: Fruit and Vegetable Research Institute, Vietnam**

Intern

Publications

- **Nguyen and Katabuchi (2025).** “Saturating allometric relationships reveal how wood density shapes global tree architecture”. *Journal of Forestry Research*.

Research experience

- **2023–2025: Yunnan Key Laboratory of Forest Ecosystem Stability and Global Change, XTBG-CAS, China**

Master’s student

Thesis: A study of allometric scaling models: Integrating interspecific constraints to explain variation in tree architecture

- **2016–2017: Immunology Laboratory, Institute of Biotechnology, VSAT, Vietnam**

Bachelor’s graduation intern

Thesis: Molecular characterization and genotyping of the VN-3 strain of hepatitis virus based on VP1 antigen gene data

- **2014–2015: Department of Microbiology, Faculty of Biotechnology, Vietnam National University of Agriculture, Vietnam**
Undergraduate intern

Professional development (selected)

- **2026**

Poster presentation, The 10th Youth Science Festival, XTBG-CAS, China (31 Jan-1 Feb)

- **2025**

Participant, Global Landscapes Forum Climate 2025 Hybrid Conference: A New Vision for Earth (17 Nov)

Participant, Vietnam Conference of Youth on Climate, Vietnam (8 Nov)

Participant, Pedagogical Training Program for University and College Lecturers, National Academy of Education Management, Vietnam (28 Sep-26 Nov)

Volunteer, International Union for Conservation of Nature Marine Turtle Conservation Programme, Con Dao National Park, Vietnam (11-22 Jul)

Participant, 8th Advanced Statistics Workshop, XTBG-CAS, China (8-14 Jun)

Participant, Advanced Scientific Writing & Publishing Course, XTBG-CAS, China (27 Apr)

Oral Presenter, 72nd Annual Meeting of the Ecological Society of Japan, Japan (15-18 Mar)

- **2023**

Participant/volunteer, 8th International Canopy Conference, XTBG-CAS, China (15-19 Oct)

Participant, AFEC-X Statistics Course, XTBG-CAS, China (Nov)

Participant, Summer Program in Agricultural High-Tech, Norway (1 Mar-15 Aug)

- **2019**

Participant, Annual Conference of the Korean Society for Horticultural Science, South Korea (23-26 Oct)

Trainee, Lab Safety – Biology, Korea Institute of Human Resources Development in Science and Technology (KIRD), South Korea (Nov)

Trainee, Interdisciplinary Research Methods, KIRD, South Korea (Nov)

Trainee, Empathetic Exploratory Life of Scientists and Engineers, KIRD, South Korea (Nov)

- **2017**

Participant, 2nd Transmed-VN Conference: *Breakthroughs in Cell Cancer Therapies*, Ho Chi Minh City University of Medicine and Pharmacy, Vietnam (19-20 Aug)

- **2016**

Trainee, Bioinformatics Course – 2-month training on RNA-seq, Ubuntu system, and Next Generation Sequencing(NGS), Bioinformatics Laboratory, Institute of Biotechnology, VAST, Vietnam (Jul- Sept)

- **2015**

Trainee, Joint Course: *Plant Resistance to Pathogens and Plant Metabolism Pathways*, Vietnam National University of Agriculture (Vietnam) and University of Tsukuba (Japan) (23 Mar-14 Jun)

Awards and scholarships

- **2023–2025, 2020: ANSO Scholarship for Young Talents** for Master’s Study, Chinese Academy of Sciences
- **2025: Awardee, XTBG Graduate Fund** supported attendance at the 72nd Annual Meeting of the Ecological Society of Japan
- **2013–2017: Scholarship for High Academic Performance**, Vietnam National University of Agriculture
- **2014–2015: Awardee, Excellent Student** of Vietnam National University of Agriculture
- **2012–2013: Awardee, Provincial Excellent Student** in Handheld Calculator Mathematics Contest

- **2011–2012: Awardee, Provincial Excellent Student** in Biology Contest
- **2010–2013: Ly Tu Trong High School Scholarship** for Outstanding Students of Grade 10, 11, 12

Applicable skills

Computational & statistical skills

- Statistical analysis and data visualization using R
- Ecological modeling: Bayesian hierarchical models, generalized linear mixed models, linear mixed models, and linear models
- Skilled in handling large ecological datasets and streamlining analysis through custom R scripts

Office skills

- Proficient in Microsoft Office
- Proficient in LaTeX for academic document preparation

Interpersonal & organizational skills

- Effective communication and collaborative work in multicultural teams

Laboratory & chemical analysis

- Prepare chemical solutions (from root powder) for DNA extraction
- Primer design and PCR
- Agarose and polyacrylamide gel electrophoresis
- Aseptic culturing and maintenance of plant and microbial cells
- Gene transformation

Extracurricular awards & honors

- **2015: Third Prize** Women's Football tournament for University Students in the Field of Biological Sciences, Hanoi, Vietnam
- **2015: Second Prize** Women's Student Football Tournament, Faculty of Biotechnology, Vietnam National University of Agriculture
- **2014: Outstanding Achievement** to the Summer Youth Volunteer Campaign (Assisting the National Exam)
- **2014: Outstanding Achievement** in Youth Union Activities
- **2013-2014: Outstanding Contributions** to Student Association Work and Student Movements
